BOMB HITS SCORED ON FOUR MORE JAP SHIPS IN CORAL SEA

Total of Vessels Sunk or Crippled Boosted to 21

By CLYDE A. FAIRNSWORTH
Associated Press War Editor

The grand total of Japanese ships sunk or crippled in the battle of the Coral Sea and its aerial sequel mounted today to 21, with 10 hits over the weekend on two submarines, a seaplane tender and a tanker.

Continuing victory over Japanese seapower on the northeastern flank of Australia and the supply line to that continent-base of the United Nations strengthened the belief that it could be held as a concentration point for the eventual counter-offensive against Japan though the danger had not yet passed.

Competent observers at Allied headquarters in Australia, stressing conservatism of the total claims against the Japanese, expressed belief that the Washington summary of the sea battle, when it is issued, will include additional Japanese transport losses.

The sinking of two "transport" supply ships and damaging of two others have been listed in communiqués from Australia.

In line with Allied restraint in interpreting the battle of the Coral Sea, Sir Keith Murdoch of the Melbourne Herald, one of Australia's most eminent public figures, said that the engagement was "a comparatively light Japanese naval force, not against the main Japanese fleet."

What must be realized," he added, "is that a large Japanese expedition is beginning."

Japanese dispatches, via Berlin, said that the Allied naval forces which participated in the five-day Coral Sea test were of "exceptional strength and constituted by the most powerful fleet units the Japanese navy has yet encountered."

The surface ship phase of the Coral Sea encounter was broken off on Friday, with the remnants of the Japanese force in flight, but an aerial counter-battle continued. On Saturday a Japanese seaplane tender and a tanker were bombed and one Sunday two submarines were sunk or damaged—all off northeastern Australia.

In addition to the two submarine enemy seaplanes in the Louisville islands of the southeastern tip of New Guinea were bombed, results undetermined. Five seaplanes, however, were known to have been destroyed or damaged in connection with Saturday's tanker-tender attacks and two others were destroyed by interceptors at Port Moresby, Allied base in New Guinea.

In the Burma theater, the Chinese were reported not only to have pushed the short-lived invasion of Yunnan from the southwest, along the Burma road, but, according to Chungking's announcements, to have pushed the Japanese army in the eastern tip of Yunnan.

Chinese in Burma were said to have recaptured Maymyo, former Allied headquarters, at the same time pressing counter-attacks against the enemy in Mandalay and Lashio, west and northeast, respectively, of Maymyo.

The British air force was striking the Japanese western wing in Burma. Big Blenheim struck the Japanese air base at the Irrawaddy river, scoring hits on the runway, it was announced at New Delhi.

The Japanese air force, however, was reported by Berlin to have scored a hit on the Irrawaddy.

Winter Having Final Fling On Main Fronts in Russia

By the Associated Press
The Russian front still was in a state of relative calm, but the fighting which prevailed in the German offensive last summer and the Russian counter-offensive of the winter months. Winter was having its final fling on the northern and central sectors while the world waited for the fury to break anew, her there or in some other potential battle zone of Europe.

The German high command acknowledged localized attacks yesterday on the Russian front but denied that the Red army thrusts were collapsed or were repulsed. It claimed for the air force a total score in planes shot down the far northern front, listing British Hurricanes among the Russians' losses.

With heat gripping the Libyan battlefield, the war in the African-Mediterranean theatre over the week-end was fought largely in the air, centering on the island of Malta.

The Germans said they attacked the warship docked at Valletta with heavy bombs and, with the Italians, claimed destruction of 17 British planes over Malta and two others in North Africa.

The British side of this story was that 41 Axis planes were destroyed or damaged in the Malta fighting Saturday night and Sunday.

The Germans also claimed the firing of a 5,000-ton merchantman off Alexandria, British Egyptian base, and damage to a similar vessel off the Faeroe islands, north of the British Isles.

One of the worst highway mishaps in the state's history cost seven lives in Mercer.

Killed in a truck-automobile collision were Hugh Davis, 29, of New Castle; his three sons, John, five, Fred, three, and Edward, one; and Mrs. H. D. Linton, 47; her daughter, Mrs. Maxine Bartlett, 31, and Mrs. Bartlett's daughter, Geraldine, six, all of New Wilmington.

Drowning accidents claimed the lives of Elmer Crampton, 18, of York, and James Sheridan, 18, of Philadelphia.

Mrs. Agnes S. Mosbacher, 40, of Meadville, was found dead in an isolated woods in Crawford county. Her body was badly burned.

Eight-year-old Raymond Wooner and his sister, Thelma, six, were killed by gas fumes from a stove as they bathed in their New Kensington home.

CHURCHILL EXPRESSES CONFIDENCE

Prime Minister's Brightest War Report Contains Warning to Nazis Not To Use Gas

BALANCE IS TURNING

London, May 11.—(P)—Prime Minister Churchill's brightest war report so far was overshadowed today by the terrible prospect of gas warfare which he raised yesterday with his warning to Germany that Britain could, and would, strike back furiously if the Nazis dared to start it.

The British attitude was one of abhorrence for the use of gas but of confidence that Germany would invite disaster for her cities and people by starting it—and had better think twice if, as the Russians already have reported, she is testing it on the Crimean front.

British newspapers, recalling that Churchill accurately had foreseen "events at hand" in the past, took for granted that he spoke of an imminent possibility. They renewed warnings to civilians to carry gas masks and their military writers dwelt on Britain's capacity to wage such warfare.

Speaking two years after the Germans had stormed across France to Dunkerque, 20 miles from England's shore, when he could promise nothing but "blood, sweat and tears" amid the darkness of western Europe's collapse, Churchill yesterday gave Britain and her Allies what he called a well-earned "message of good cheer."

It was his second anniversary as prime minister. He declared the "awful balance" finally had turned and now "we have only to endure and persevere to conquer."

Contrasted even with his last message, when he informed the British Empire that Singapore had fallen, Churchill yesterday gave it heartening news from all continents of an impending mighty American-British bombing offensive against Germany, of the stalwart defense and growing strength of "our Russian ally," of the occupation of Madagascar, of British and American seapower in the Pacific which he said would "grip and hold the Japanese."

Berlin (From German Broadcasts) May 11.—(P)—A Berlin broadcast quoted Wilhelmstrasse sources, commenting on Prime Minister Churchill's Sunday speech, as saying today "if Churchill deems it necessary to make use of certain armaments, the world may rest assured that Britain is about to commit another crime."

(The broadcast did not specifically mention by name poison gas with which Churchill declared Britain was prepared to retaliate if the Germans dared to use it.)

The Wilhelmstrasse source was quoted as characterizing the speech as "typical proof of Churchill's and his government's moral position."

Sixteen Die On Highways Over Sunday

By the Associated Press
Sixteen persons died in traffic accidents as Pennsylvanians crowded the highways for a final weekend motoring fling before the start of gasoline rationing.

Six other accident deaths, including two drownings, were recorded.

Purchase Coal Now or Shiver Next Winter!

Washington, May 11.—(P)—Coal rationing because of transportation problems may become necessary unless consumers' stock piles are quickly built up, Donald M. Nelson, war production chief, warned today.

Nelson, in an open letter, urged coal users to stock up to the limit of storage capacity.

He said that in addition to the transportation difficulties next winter more coal will be consumed than in ordinary times.

Ford Rejects Union Feelers For Increases

Motor Company Advocates Freezing of Wages For War's Duration

\$1 DAY BOOST IS ASKED

Detroit, May 11.—(P)—The Ford Motor Company lined up today beside other advocates of wage-freezing for the war's duration in advance of an anticipated demand from the CIO's United Auto Workers for a \$1-a-day increase.

Personnel Chief Harry H. Bennett, outlining the company's views in a formal statement, observed that "due to the fact that the government is freezing everything else, there doesn't seem to be any occasion for an increase in salary at this time."

"The Ford Motor Company," Bennett said, "is going to ask that wages be frozen for the duration of the war."

Immediately upon learning the Ford attitude the union's National Ford Council, meeting here to draw up new contract demands, went on record "opposing completely" any effort to freeze wages and advocating adjudication of all wage disputes by the War Labor Board if management and labor negotiations fail.

The council, in a resolution which made no reference to the Ford Company, charged that "profiteers who have used the emergency to advance prices and reap handsome profits at the expense of the general public and the war effort are now crying for wage freezing in order to continue their profits."

The council claimed that the cost of living in the United States had increased 13 per cent within the last year, "far outstripping" wage increases and forcing a loss in "real wages" for workers.

STRIKE OF TEACHERS AND JANITORS ENDS

Shamokin, May 11.—(P)—A two-week strike of 124 teachers and 27 janitors in the Coal township schools for back pay ended today with their return to work.

Superintendent D. T. Meisberger said the teachers and janitors returned to their duties as a result of a meeting Sunday, when a majority of those present voted to return on a possibility that state aid would be given to provide funds for their salaries, two months overdue.

The strike, which began April 28, affected 3,200 pupils in the high school and 13 elementary buildings.

By the Associated Press
Work resumed today at the Williamsport Wire Rope plant of the Bethlehem Steel Company where a three-day strike had shut off the flow of vital war materials.

Superintendent J. V. Ferguson reported all the plant's 1,200 employees went back to work late yesterday and in a few hours the plant was running at 100 per cent capacity.

Work continued under procedure arranged by representatives of the National War Labor Board to mediate employee grievances. It set Tuesday for a hearing to be held in Washington.

An appeal to return to work came Saturday from William H. Davis, War Labor Board chairman, who said the strike "vitally interfered" with the production of war materials.

Employees at a two-hour mass meeting Sunday night voted to return to work.

OPA STUDIES RATIONING OF GASOLINE

Tentative Regulations May Limit Some Motorists to As Low as Three Gallons Week

THIS AREA EXCLUDED

Harrisburg, May 11.—(P)—Thousands of Pennsylvania motorists will need ration cards to purchase gasoline beginning next Friday but others—in 26 western counties—likely will be allowed unlimited supplies.

Tentative federal regulations for the 17-state rationing area fixed allowable purchases as low as three gallons a week for those who use their cars only for pleasure. Higher quotas were provided for persons who must use cars for business or have no other means of transportation to work.

Ralph K. Davis, deputy petroleum coordinator, said in Washington he had suggested excluding 26 counties in western Pennsylvania from the region of restricted sales. He explained there was a surplus of gasoline there. G. Lyle Belsley, secretary of the War Production Board, said the recommendation probably would be considered tomorrow.

Pennsylvania counties excluded were Potter, Clearfield, Cambria, Somerset, Fayette, Westmoreland, Indiana, Jefferson, Elk, McKean, Cameron, Warren, Forest, Clarion, Armstrong, Erie, Crawford, Venango, Butler, Mercer, Lawrence, Beaver, Allegheny, Washington and Greene.

State rationing headquarters immediately advised school superintendents in the excluded area to halt plans to register motorists Tuesday, Wednesday and Thursday. Passenger car owners in the rest of the state must sign up at local schools.

Officials estimated about one-third of the state's 2,000,000 car owners would not have to register. Hours and general arrangements for the listing were left up to local authorities.

Those whose driving is classed as non-essential will get a seven-unit "A" card allowing 21 gallons of gasoline for the 47 days from May 15 to July 1. A "B-1" card allows 35 gallons, "B-2" 45 gallons and "B-3" 57 gallons. "X" cards allowing unrestricted purchases were provided for those on necessary business.

Details Given Out Regarding Raid On Tokyo

Washington, May 11.—(P)—One minute the radio announcer in Tokyo was "detailing the pleasures of life in Japan and the freedom from fear of bombing."

And the next: "There were between three and four thousand casualties. The Japanese people were asked to pray for rain to extinguish the fires and to decrease the chance for further air raids."

That was what United States army bombers heard in a hearing in their earphones as they approached and left Japan on the Saturday afternoon of April 18.

In its first communique giving "Japan" as the scene of action, the war department yesterday broke a three-week silence on the raids that brought a welter of panic and contradictory reports from Japan.

The question that has been haunting the Japanese ever since—"where did they come from?"—was left pointedly unanswered.

The communique, reporting that U. S. army bombers had made the first attack in 2,600 years on what the Japanese regard as the sacred soil of their homeland, said:

"The attack was made in clear daylight."

Largest Volcano in Japan Active Again

London, May 11.—(P)—Asama-Yama, the largest active volcano in Japan, about 100 miles north-west of Tokyo, erupted with great violence Saturday night, doing unestimated damage, according to the Berlin radio.

The broadcast, quoting dispatches from Japan, said the eruption was the worst in many years and the German-controlled Brussels radio characterized it as "a catastrophe." A thick rain of ashes blanketed the countryside for miles around, the Brussels version added.

Observers Predicting Light Vote at May 19th Primary

Candidates Set Out On Final Effort to Attract Voter Interest

SPLIT IN QUAKER CITY

BY JOHN B. CAMPBELL

Harrisburg, May 11.—(P)—Candidates for important state offices in the May 19 primary, set out today on a final effort to attract the interest of Pennsylvania's war-minded voters.

With indications that the war has overshadowed the elections as far as the man in the street is concerned, observers predicted a light primary vote.

Expressions of confidence came from candidates of both parties, while the rival Republican aspirants for governor, Major General Edward Martin and U. S. Senator James J. Davis continued their battle of statements.

In Philadelphia, Davis promised to stick by his pledge "that as governor one of my first acts will be to urge that old age assistance be put on a straight \$30-a-month basis available in the simplest possible manner."

Over the week-end Davis won the endorsement of G. Graybill Diehl, chairman of the Lancaster Republican county committee.

Martin's campaign manager, State Senator M. Harvey Taylor, called attention to the General's offer to end "campaign mudslinging" and warned that:

"If Jim Davis insists on resorting to the slime and muck of political abuse to belittle the real issues he will find public sympathy against him."

In Philadelphia a split among Democrats widened when City Chairman James P. Clark said that despite "payroll pressure" a great number of Democrats are endorsing Judge Ralph H. Smith for governor.

The third Democratic candidate, Luther A. Harr, declared Pennsylvania will need leadership able to steer a safe course to new economic heights after the war and to reduce taxes.

The ambassador indicated that he had come to discuss, rather than to protest, the American negotiations, which were opened directly with Admiral Georges Robert, French high commissioner, at Martinique last Saturday.

He declined to discuss the nature of the American proposals or to disclose the attitude of the Vichy government. State department officials likewise have declined to discuss details of the negotiations.

The German radio today broadcast Vichy dispatches saying that the United States had demanded that French warships off Martinique be demobilized; that United States garrisons be permitted on the island, and that a number of French tankers be turned over to the United States.

CHINESE ARE RESISTING STUBBORNLY

Enemy Said to Have Been Reinforced After Losing Two Columns During The Past Week

4,500 REPORTED SLAIN

BY SPENCER MOOSA

Chungking, May 11.—(P)—Japanese reinforcements rushing to the aid of a trapped column of their comrades in western Yunnan province were intercepted today at Chefang, 25 miles inside China on the Burma road, precipitating heavy fighting, a communique said.

The original Japanese invasion force of which the Chinese previously reported they had killed 4,500—was said to be still surrounded by the Chinese army.

The communique confirmed Japanese reports of the fall of Bhamo, alternate terminal of the Burma road 170 miles northeast of Mandalay, and Myitkyina, 250 miles north of Mandalay.

The Japanese were said to be attacking east of Lolo, 125 miles southeast of Mandalay, striking at Kungshin. The communique said the Chinese were resisting stubbornly.

This indicated that another pocket of the Chinese troops in Burma, under the general command of Lieut. Gen. Joseph W. Stilwell, U. S. A., still was fighting strongly in the area through which the Japanese swept swiftly last month in their thrust to capture Mandalay and Lashio and invade Yunnan province.

Earlier reports had indicated the Japanese in Yunnan province had been lured into a Chinese trap, and that the defenders had slaughtered 4,500 of the invading shock troops. The Japanese had been reported reeling back from the invasion of China, closely pursued and in peril of annihilation.

The Chinese announced last night that they had deliberately allowed the enemy to rush headlong up the Burma road into China's Yunnan province, then suddenly had smashed the enemy's wings and pounced on the body of the invading force with an artillery blast which left 3,000 enemy soldiers dead and the remnants in flight.

Now, they said, the routed Japanese are facing certain annihilation, sandwiched between their pursuers on the north and another Chinese force, to the south in eastern Burma, which already has recaptured Maymyo, former Allied headquarters, and is pressing toward both Lashio and Mandalay.

Indianapolis May Entertain Legion

Chicago, May 11.—(P)—Indianapolis, Ind., was recommended by the American Legion's national convention liaison committee today for the 1942 convention, to be held Sept. 19, 20 and 21.

Leo J. Duster of Cedar Rapids, Iowa, chairman of the committee, announced that because of wartime conditions the committee recommended that this year's national convention be limited to the per cent of the regular number of delegates and those national officers and members of standing committees essential to the Legion's program.

Plans to compel every American wage earner to invest a part of his weekly pay check in the war effort were put forth in both branches of congress today.

Chairman George (D-Ga.) of the senate finance committee advocated a withholding tax of from 5 to 10 per cent on all wages, salaries and dividends, while Rep. Gore (D-Tenn.) came forth with a bill to deduct a percentage of every wage, beginning with 6 percent in the \$20-30 unmarried class, and ranging upward.

In the higher brackets, annual income would be limited to \$25,000, after payment of taxes, with the remainder going into the purchase of bonds. That was the limit favored by President Roosevelt in his recent share-the-war speech.

Metzger-Wright Store Closes At 2:46 Tuesday to Prepare For 46th Anniversary Sale

Tidioute Catholic Parish Planning To Build New Edifice

According to an announcement made yesterday by the Rev. Father Edward Jacobs, pastor of St. John's church at Tidioute, members of that parish are making plans to build a new edifice to replace the present building, which is more than a century old.

Father Jacobs stated that approval of the plans was given last week by the Most Rev. John Mark Gannon, bishop of the Catholic Diocese of Erie.

It was pointed out that the present structure is badly in need of repair and investigation has shown that the building of a new church would be more economical than to make the necessary repairs.

No time has been set for start of work on the new church.

Local Planes Take Part In Mobilization

Seven planes of the local squadron of the Civil Air Patrol, which is a part of the 315th group, participated in a simulated mass attack on the city of Meadville yesterday as a feature of the mobilization of Civil Air Patrol planes at the Meadville airport.

A total of 93 planes from Bradford, Erie, Butler, Oil City, Greenville, Conneville, Warren, Youngstown, Ohio, and other scattered fields in the western part of the state took part in the mobilization, sweeping in to "dive-bomb" Meadville as they passed over the city on the way to the airport.

The local group was headed by Edward Walker, executive officer and acting squadron commander. There were seven squadron commanders at the mobilization for the demonstration of Civil Air Patrol strength and efficiency.

In the local squadron was the headquarters flight from the Warren Airport, and flights "A" and "B" from Youngstown and Corry. The seven ships arrived in Meadville on schedule at 1:55 p. m.

Group Commander Clifford Ball, of Pittsburgh, was in charge of the mobilization.

Those from the local squadron who attended were Mr. and Mrs. Edward Walker, Henry O. Walker, Fred Schuler, Vincent Burkhardt, Aubrey Knudsen, Richard Metzger, Shirley Thompson, John Teconchuk and the following from Corry: Dr. Rhodes, Dr. O'Hare, Charles Swegles, Harry Lamona and Miss Mulhern.

Cash, Stamps Are Taken In Robbery Here

Burglars who broke into the Beatty school here sometime between noon Saturday and nine o'clock Sunday morning stole approximately \$70 in cash and war savings stamps, it was reported by police today.

The stamps, which were in books belonging to various pupils of the school, and the cash were in a safe in the office of Principal H. D. Harris. The robbers opened the safe by knocking off the combination and punching out the lock. The robbery was discovered about nine o'clock Sunday morning by Joseph Fraring, of 105 Grant street, janitor at the school.

Local police who investigated the burglary said that the yeggs apparently gained entrance to the building through one of the doors, as several had faulty locks and could be opened easily.

No clues were left by the burglars.

Police expressed the opinion that the work was that of a gang which has burglarized a number of places in this section recently, including two garages at Sheffield where safes were broken open.

Brother of Warren Woman Commissioned At Officer School

Word has been received here that Corporal Victor Gentilman, son of Mr. and Mrs. James Gentilman of Kane, had been commissioned on May 4 as a second lieutenant from the Officers' Training School, Fort Benning, Ga.

Lt. Gentilman was graduated from Pennsylvania State College in 1939. While in college he was a fullback on the Penn State varsity football team. He was also graduate assistant in physical education at State College and received his master's degree in 1940. He then coached at Kane High School during the year 1940-41.

Lt. Gentilman will leave next Wednesday for an unannounced destination. He is the brother of Betty Gentilman, Water street.

Pvt. John Gentilman, another brother, has been stationed in Iceland for several months.

Services For Suicide Held On Saturday

Funeral services were held in Eldred Saturday for Bernard Wallace Tanner, 37, life-long McKean county resident, who died Thursday of a self-inflicted wound at his home on Route 6, between Farmers Valley and Coryville. The body was taken to Erie yesterday for burial.

According to County Detective Merle Dickinson, of Smithport, his investigation disclosed that Mr. Tanner had talked about taking his life all afternoon and while in the bedroom on the first floor fired a shot through the window. Mrs. Tanner went to the room and talked to her husband for about 10 minutes and as she left the room, she heard a second shot, it was reported. A 45-70 rifle was used.

It was reported that Mr. Tanner had been in ill health for about three years.

He was born in Eldred, April 12, 1905, and had been a resident of that section all his life. For the past several years he had been employed by the Quaker State Refining Company.

Surviving are his wife, Mrs. Helen Tanner; a son, Richard, 18 months old; his father, E. R. Tanner, of Warren, and a sister in Erie.

Session Held By Teachers

The annual spring meeting of the Inter-County Home Economics Teachers group was held Saturday evening at Sugar Grove in the home management house with Warren, Forest, Elk and McKean counties represented.

The topic of discussion for the meeting was "Vitalizing the Home Making Program," with Gertrude Ostrosky, of Youngsville, chairman of the group, presiding during the program.

The discussion was introduced by the teachers with Kathryn Kesler, Sugar Grove, Riva, Lincoln and Margaret Kish, Bradford, and Miss Ostrosky telling of interesting projects in their own classes.

A buffet luncheon was served at the conclusion of the discussion by the Sugar Grove home economics students, and there was an attractive exhibit of the cotton textile industry on display during the evening.

Second Fatal Crash Occurs Near Ludlow

The second fatal accident near Ludlow within a week occurred last Friday night about 8:50 o'clock on U. S. route 6 when James F. Groll, 22, of St. Marys, was instantly killed and three other St. Marys youths injured when their automobile in which they were enroute to Erie sidwiped a truck.

This crash occurred within a mile of an auto collision last Tuesday night in which James Eastman, aged 2, was killed and six others injured.

At an inquest held in Kane Saturday by Coroner T. E. Clark, of Bradford, a jury blamed the crash on the faulty condition of the car, which was owned by the man who was killed.

Those injured are Robert Reider, 21, and Albert Eckert, 25, both of whom are in the Kane Community Hospital, and William Groll, 21, who was discharged after treatment. George Hardner, 19, operator of the truck involved, and his helper, Daniel Welcher, both of Erie, escaped injury.

The crash occurred on a new, wide section of straight highway, according to reports. The St. Marys car is said to have rounded a curve and continued over the center of the highway on the left side, forcing a car operated by Harold Cowan, of Kane, off the road and striking a truck loaded with slate shingles, owned by the Harder Trucking Contractors, of Erie.

The St. Marys car had the entire left side ripped off and James Groll, who was alone in the back seat, was instantly killed.

TRAIN DERAILED

Seventeen loaded coal cars on an Erie railroad freight train were derailed today in the Corry business section, blocking traffic on the railroad's east and westbound tracks. One trainman, Joseph Klinger, of Meadville, was knocked to the floor of the caboose, injuring his head. Railroaders attributed the wreck to a broken axle. Five hundred feet of track were torn up, forcing trains to detour through the Corry yards over the Pennsylvania railroad tracks.

SHOWING FILMS

Tonight, tomorrow and Wednesday evenings films of operation and maintenance of metal lathes will be shown at three different points around the county. This evening the film will be presented at the Sheffield O. S. Y. Center, tomorrow evening at Tionesta, and Wednesday night at Marienville. The purchase of new equipment for Sheffield and Marienville has been approved, to be used in the new courses in machine shop work starting in these two communities May 15.

RELIEF ROLLS

Direct relief rolls in Warren county showed a net decrease of three cases during the week ending May 2 according to information released today by Howard L. Russell, state secretary of public assistance. The decrease brought the total number of cases in the county down to 40, representing 52 persons. Cost of direct relief in the county during the week was \$93.10. In the state during the same week there was a decrease of 1,161 cases to bring the total down to 52,015 cases, including 91,737 persons. Net expenditures for relief in the state totaled \$261,024.52.

SPECIAL TRAINING

All county vocational agricultural classes are being given special stock and seed judging training this week. It was announced today by C. F. H. Wuesthoff, county vocational supervisor. Those excellent in this training will be taken to State College on Friday for a statewide contest with two representatives to be taken from Russell, Lander, Lottsville, Columbus and Tidioute, respectively, and five from each of Sugar Grove and Tionesta. There will be one area representative in the state-wide ornamental contest, Evan Wilcox, of Lander, who will talk on "The Challenge."

Steals Auto And Notifies Local Owner

A man in uniform of the U. S. Army, who gave his name as James Kelley and his home address as Bradford, had a ride from Warren to Carter, N. Y., at the expense of a man employed here, who had befriended the soldier who was reported to be stranded in Warren without funds.

According to local police, a 1937 Plymouth coupe owned by Cecil Osborne, who is employed by the Tri-State Engineering Company, of Washington, Pa., was stolen from near the Allegheny Hotel sometime between two and six o'clock this morning.

Later this morning, Osborne received a telegram from Kelly, stating that the car was at Carter in upper New York state, and that Kelly was sending the ignition key by mail.

According to reports, Kelly had removed the key from Osborne's key ring sometime yesterday and during the night departed with the car.

Kelly had been around town since last Friday, police said.

PUBLIC LIBRARY NOTES

Oil is one of the greatest of material stakes in this greatest of all world struggles. Ever since its discovery here in Pennsylvania, drama has followed it. And yet strange to say comparatively little has been written about the wildest and most exciting episodes of its early history in our region. The Golden Flood, Herbert Asbury's new informal history of America's first oil fields, helps to fill this gap in a fascinating, colorful and often amusing way. It should have a wide local appeal.

Perhaps the most important religious book of the year, certainly one of them, is Dr. George A. Butterick's new book, Prayer. "Dr. Butterick's spiritual insight is acknowledged wherever religion is seriously discussed," stated one of our local ministers, "and I believe this is his finest work." He stressed the urgency and the power of prayer for a bewildered humanity. Following his penetrating analysis, he challenges those who have sought to find a bright rebuttal and have lost God. The book is a development of the strong conviction of the central creativeness of prayer and its ability to overcome the present age's spiritual debility of which armed aggression is but a symptom. It is a powerful book, a profound one, reaching man's deepest needs.

Other new books recently added to the public library's collection are In the Shadow of the Cross by F. K. Stamm; The World We Want to Live in edited by E. B. Clinchy; The Road We Are Traveling, 1914-1942 by Stuart Chase; Postwar Planning in the United States by G. B. Galloway; Crimes in High Life by H. Wyndham; You Pay and You Pay by M. M. Goldman; How to Grow Food for Your Family by S. R. Ogden; Growing Plants in Nutrient Solutions by Turner and Henry; Elements of Chemical Engineering by Badger and McCabe; and The Beauty of England by Thomas Burke.

In addition to the main book collection, the library tries through its rental collection to supplement and keep up to date on a larger number of current titles. Three of the most popular titles at present are The Moon Is Down by John Steinbeck; Cross Creek by Marjorie D. Rawling; and Sam Small Flies Again by Erick Knight. A few others of the many excellent titles are Flight to Arras by Antoine Saint-Exupery; The Children by Nina Fedorova; New Hope by Ruth Suckow; The Last Time I Saw Paris by Elliott Paul; In the Years of Our Lord by Manuel Komroff; Northern Nurse by Leonard Merrick; Along These Streets by Struthers Burt; Breakfast with the Nikolides by Reimer Godden; Canton Captain by J. OVERDUE REORGANIZATION

There are reports that President Roosevelt plans to overhaul Washington's publicity machinery. He is said to agree with those who complain that too much information is being bottled up, to which the public in a democracy is entitled and which could not be of value to our enemies.

This is good news. The situation is bad, and apparently nothing but White House intervention can correct it adequately.

Something more is at stake than the gratification of curiosity and the desire of newspapers to print interesting stories. Something less important but more pressing, is involved than the vital right of a free press to print anything which will not contribute specifically to the axis' benefit.

Unnecessary news suppression could become one of this nation's most malignant fifth columnists. It plays directly into the hands of those who seek to deceive us, befuddle us, discourage us. We have become so accustomed to unfettered newspaper discussion of everything that we read exaggerated significance into that which is withheld.

Moreover, as the result of the suppression of so much, we are confused by the conflicting statements of presumably informed, reliable experts.

Specific illustrations are plentiful. One which can be discussed without utilizing any forbidden facts is the silly embroglio which arose over gasoline rationing.

On April 22 the Office of Price Administration announced that motor fuel would be rationed beginning May 15. An unnamed spokesman suggested that the bulk of civilizations would be limited to from two to five gallons a week.

The next day Administrator Ickes and OPA Director Henderson decried this estimate. But when registrars were instructed on which type of ration card to give to motorists, the gauge was based two-to-six gallons limitation per car.

Meanwhile reports reached the press on April 24 that, as of May 1, deliveries to filling stations would be cut from two-thirds of normal to half of normal.

Ralph K. Davies, Mr. Ickes' assistant, denied such a step was contemplated. On May 5 the War Production Board, at Mr. Ickes' request, ordered the reduction at which Davies had scoffed.

This is no isolated incident. It happens to be one suitable for discussion because it stands on its own feet without use of data presumed to be of either use or comfort to Hitler.

It is the type of misunderstanding which, if Washington publicity is adequately overhauled, can be cleared up by competent newspaper reporters overnight.

TIGHTEN UP

Both Congress and the armed forces are treading treacherous ground in connection with the commissioning of civilians who lack formal military or naval training.

The Army and Navy needs thousands of experts not available in uniforms or procurable through normal processes—men who require no facility in close order drill to perform their assigned tasks. Still, it is notorious that relatively high grades are given men who are beating the draft.

A reasonable tightening up by the Army and Navy would remove any legitimate excuse for the sort of ban which Congress threatened.

ON GOD'S SIDE

Carl Byoir, who was our second man during the first World War in the production of American propaganda, caught something that slipped by most of us in a simple remark made by Joe Louis when the negro champion explained how he knew this country would win World War II.

"We are going to win because we are on God's side," said the fighter. And the psychology behind that form of expression, Byoir points out in a poem in the current issue of Collier's Magazine, is the essential difference between fascism and democracy.

"We are going to win," says Hitler, "because God is on our side." To which Joe Louis, who isn't so inarticulate as he once seemed, retorts simply that America will win "because we are on God's side."

Hard Hit? We're Just Being Tapped on the Shoulder!

WASHINGTON IN WARTIME

By JACK STINNETT

WASHINGTON—Just how serious the shortage of transportation for individuals is becoming is indicated by the fact that President Roosevelt himself paused in his many other duties to call for an immediate "share-your-car" movement.

He didn't restrict his plea to Washington either, or even to war work communities. Through the American Municipal Association and the U. S. Conference of Mayors, he has but it squarely to every city in the country and thus to every car owner, whether he drives a broken-down jalopy or the latest special-built streamline job to roll through the dealer's doors.

THIS is one contribution to the war effort that is going to have to be voluntary. Laws can draft men into the Army and rationing can curtail the use of everything that's turning up short. But it would be impossible to police the whole nation to see if every car owner is doing his duty in sharing his car with his neighbors and fellow workers. The appeal will have to be made on a basis of patriotism and the success of the movement will depend on that.

Transportation officials have estimated that the share-your-car drive could easily reach proportions where 3,000,000 cars could be taken off the streets and highways without impairing the war effort. Think what that alone would mean in savings in gasoline, rubber, and wear and tear

on cars that cannot be replaced for the duration.

THERE'S nothing complicated about this "share-your-car" business. To some extent, it already has been put into effect in Washington and many war industry centers. Automobile association officials here have worked out several suggestions that will get the job done.

(1) Workers who are in the same factories or buildings and live in the same neighborhoods can organize groups of from three to six, each driving his car one day or one week and picking up the others.

(2) Business trips in cars may be synchronized by a little inquiry into verbal advertising. Salesmen who travel the same route might double up.

(3) Housewives who do their marketing by auto can form "share-the-car" groups with neighboring housewives. Shopping expeditions can be organized the same way.

(4) If children are taken to school by car, the same neighborhood groups can be worked out.

THERE is hardly a purpose for which the car is used, whether it's recreational, or business or social in which the "share-your-car" formula cannot be applied. If the government officials have their way the "share-the-car" movement will rapidly develop to that point where the man or woman who habitually and needlessly rides alone will be as unpopular in the community as the slacker of World War I.

MAN ABOUT MANHATTAN

By GEORGE TUCKER

NEW YORK—You know the type. They stick around the street corners and whine. They bob up in the night courts on assorted charges, usually for begging illegally. They look dirty. They leave you with the impression that they haven't got much blood. They're a nuisance. When the law gets them, they are usually put away for awhile.

I'm talking about the professional beggars who do not bother to get permission from the police to do their chiseling. There was one in the courts last night. His name was Frank. Frank was fifty and had been picked up in a subway entrance for wheedling dimes out of pedestrians. He looks dirty. He looked unwanted. But do not feel sorry for Frank. He has more money than you. Weep for those who need tears, and a hand-out. Frank had a tidy little bankroll of \$5,000, which he kept in a mattress in a disheveled Brooklyn cellar, because the banks weren't safe enough. He also owned a piece of property in Brooklyn. It was his third offense. Twice before he had been warned about begging on the streets. Now he is in the work house, moaning at fate.

NOT long ago they got Annie, too. Annie came from Jersey and she played the side streets around Columbus Circle. She did all right by herself. She had a peculiar appeal to her face and her greying hair that would make a pedestrian break his stride long enough to toss a quarter into her lap. Annie owned four houses in

Jersey and an automobile. But she's in the hoosegow now.

It is no longer news in the dog-bites-man sense to relate these little episodes out of human nature. New York is full of them. Wasn't Tony, the Battery's famed bootblack, rich when he died? Something like \$20,000 in the banks, and in this Tony differed from those who preferred to hide their coin in old newspapers or between mattresses. Tony believed in the banks. Several of them. He had accounts in at least three New York banks. His cash assets were in excess of \$20,000. Yet every day of his life he was on his knees on the hard pavement of the Battery, shining shoes shining anybody's shoes, for a dime, wiping the bootblack on his hands, then on his thighs, and grinning happily. He got big tips because he had worked up a tipping clientele among cutters, operators, maritime authorities, and ship captains. He knew everybody. When he died they laid him out handsomely. There were floral tributes from brokers and shipping masters.

BUT the strangest story of rags to riches was that poor old Bowers bum who found a stack of important notes in Wall street, and three days later became insane. In the interim he had dined lavishly on steaks and wine. Medical men explained his derangement in this wise: He was so many vitamins, the sudden rush of rich foodstuffs, enriched the bloodstream so hurriedly that it affected his brain.

From where I sit...

by Joe Marsh

You ought to meet my friend, Will Dudley. I suppose Will must be seventy-eight or nine... but you'd never know it. He's tall and lean and hard as a hickory. And although the only formal education he ever had was a few winters in the old red schoolhouse, I think that he's the wisest man I know in many ways.

For one thing, Will taught me the value of what he calls "Just a-settin'!"

Come upon Will in the evening, when his hard day's work is done, and you'll find him "just a-settin'," in a rocker on his porch. In one hand he'll have his old briar pipe and in the other, a tall cool glass of beer.

"Wholesome, appetizin' beer," says Will, "is standard equipment for proper settin'! Puts a feller in an easy-goin' peaceful mood."

You see, Will holds the theory that in our present mixed-up world, a man needs a quiet hour every day. An hour in which to sit down

quietly and restore his strength and courage.

Will thinks, and I agree with him, that a man ought to forget all his own and the world's worries during that hour-of-peace. And Will feels that a glass of fragrant mellow beer helps most to bring you quiet relaxation.

Show me the man who sits down quietly at an evening with his glass of beer and I'll show you a man who is wise in the ways of living. Such men, like Will Dudley, live to a ripe old age, unembittered by the troubles of the world. They seem to remain, all their lives, sweet-natured and kindly.

Time has a way of rendering accurate judgments on the value of the things men use and enjoy in the world. And Time... thousands of years of it... has handed down the verdict that beer is a pleasant and worthy companion for all men of good will.

News From the Southland

By Sgt. Elmer E. Springer

Camp Livingston, La., May 6.—Again it is time for us to call on you and we find ourselves in the midst of one of the warmer days this spring. It is really hot down here and the air feels as though it were steaming and the sun really bakes down on you. However, the boys are all getting quite a tan and they are beginning to resemble our Indian neighbors from the west in their complexion. Oh, well, they are a healthy lot and can easily take it.

The boys down here are getting that far-away look in their eyes now and on week-ends you will find them strung all over the state of Louisiana and as far east as Mississippi. Once in a while someone gets very daring and goes to Texas, but as a rule the boys spend most of their time around Louisiana. There are many historic sights for the boys to see in this famous old state and also these Louisiana girls are quite sweet and the boys have lots of fun with them. I am sure that they are all pleased with the way the people in various towns treat them and if you would like to see a gala bunch of fellows, you should see the special recreation train that leaves the camp on week-ends for New Orleans. This trip is made available to the boys at cut rates and it is quite a thing for them all, as the city of New Orleans is one of the more historic cities in these United States.

While sitting around camp in the evening it is a common thing for the boys to sit and read the old home-town paper, which is graciously sent to us by the Warren Times-Mirror, and we wish to take this opportunity to thank the staff of our own paper for sending this to us so regularly. If it weren't for the paper getting to us, even though it arrives here rather late, we would be quite in a daze about things that happen back home.

We have a large group of new men with us and they are really a fine looking bunch of fellows. It would be a great sight to you to see the size of the company, now that it has been augmented by these men. The first time the entire organization has been together as a body was this evening when the company assembled to have their picture taken. It is a large group picture of the entire organization, and it really should be a good one. If any of you are interested in these pictures you might write to 1st Sgt. Irvin I. Kays and he will be only too glad to give you the particulars on prices and other incidentals.

We are thinking of getting a big ice box to put our slightly heavy set supply sergeant in. He looks as though he were going to melt away any time and it would really be quite a loss to this company if he did. Supply sergeants don't grow on bushes. (This should put me in good with the old boy, who is none other than Sgt. Merle N. Jackson.)

We regret to announce the loss of two more of our company officers. The commanding officer, Lt. LeRoy L. Logan, and his co-worker, Lt. Elton A. Edmiston, will leave us today and will probably be sent to Fort Benning, Ga., where they will undergo a short term of instruction and will then be sent to a new station for duty. We wish that we could retain these two officers, as they are very well liked and are held in the highest esteem by our men, but Uncle Sam has willed it otherwise so therefore all good friends must part some time and it looks like this is it for the two lieutenants and the boys in the company. We still have one consolation and that is the fact that we are still in the same army and who knows, maybe some day we will still be side by side as we had hoped to be before. (Turn to Page Eight)

DUIS GREET'S MOTHERS
New York, May 11—(P)—The identified only as that of which sent greetings to all of U. S. soldiers yesterday in a nationwide broadcast, was of Pvt. Joe Louis Barrow, or weight boxing champion Louis.

BY AUSTIN BEALMER
Associated Press Sports Writer

It's a long way to the World Series, but the New York Yankees and Brooklyn Dodgers appear to be heading toward a return engagement in that October classic. Both teams strengthened their positions at the head of their respective pennant races yesterday while their closest pursuers were knocking each other off or being kicked around by upstarts from the second division.

The accent was on pitching in the day's 15-game program and a total of 18 hurlers went the distance as if to show appreciation for the huge Sunday crowds which kept the turnstiles working overtime.

Among the major league parks open for business, all except St. Louis drew at least 20,000 fans. New York's Yankee Stadium topped the list with 40,744. Paid attendance for the day was 184,879, with the American League playing to 95,928 and the National 88,951.

The only singleton, the Brooklyn Dodgers stretched their National League lead to two and a half games by bumping the New York Giants, 5-3, as the second place Pittsburgh Pirates split with the Chicago Cubs and the Cincinnati Reds knocked the St. Louis Cardinals out of third place with a double shutout.

Rookie Ed Head limited the Giants to eight hits in gaining his fourth straight triumph while the Dodgers pasted the loss on Carl Hubbell, who went looking for his first victory of the year and wound up instead with his second defeat.

Phil Cavarretta drove in the runs which gave the Cubs a 4-2 triumph over Pittsburgh in their first game at Chicago, but Bob Klinger pitched the Pirates to a 3-2 win in the afterpiece, yielding only five hits.

Bucky Walters returned to his oldtime pitching form at Cincinnati, shutting out the Cardinals, 3-0, on four hits in the second game after Ray Starr had racked up his third straight mound decision by blanking the Cards, 1-0, in the opener.

In New York, the Yankees stretched their current winning streak to seven games and liked their American League lead to two lengths with a twin win over the Washington Senators as Cleveland and Detroit split and the Philadelphia Athletics knocked off the Boston Red Sox twice.

Tommy Bridges pitched five-hit ball in giving the Detroit Tigers a 5-1 victory over the Cleveland Indians in the first game, but the Tribe snapped a six-game losing streak to take the second, 6-5 in ten innings.

Big Bob Johnson's bat knocked the Boston Red Sox out of a second place tie with Cleveland and into fourth place behind Detroit as the Athletics swept the bargain bill, 4-2 and 6-5. Johnson collected six hits in eight trips to the plate during the afternoon, including a homer in each game, and drove in five runs, one of which won the second game in the ninth inning.

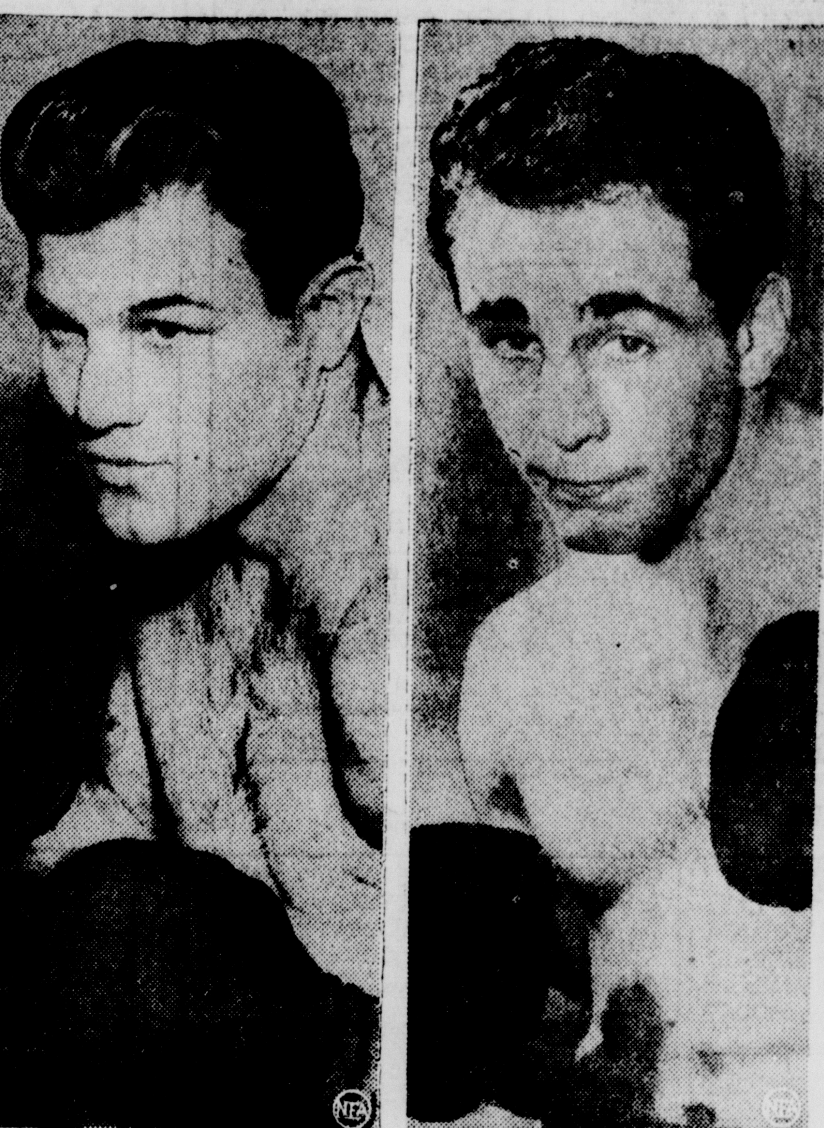

K. C. Keglers Close Season With Banquet
Members of the Knights of Columbus bowling league enjoyed their annual banquet at the K. of C. hall last evening with a good attendance of members and guests. Following the dinner, an interesting program was presented with Dr. James Giunta acting as toastmaster.

Among those who spoke at the dinner were the Rev. Father Edward Jacobs, of Tidouette; the Rev. Father M. E. Dailey, of Holy Redeemer church, and Dr. J. T. Valone, grand knight of the local K. of C. council.

A short program of entertainment followed the talks, after which those present enjoyed a social time.

SPORTS SPATTERINGS

So Alsab won the Preakness. . . The little colt that has become the idol of work horses, he came near being no more than one himself, staged a brilliant stretch drive on Saturday to beat a field of nine other horses in the 62nd running of the Preakness Stakes and regain some of his lost prestige which made him the greatest two-year-old a year ago. . . But another note which mustn't be passed up, is the fact that Requested, second from the end in the Kentucky Derby a week before, ended in a dead heat for second place with Sun Again Saturday. . . The two horses were so close that even the camera couldn't distinguish which should take second money. . . And then, of course, referring to Alsab again, give him plenty of credit for that new Preakness record of 1:57. . . Previous mark was 1:58 1/5 set by High Quest in 1934. . . Buck Whiteshot, Gerry Johnson's partner in the Times Square Service Station, and his wife witnessed Alsab's outstanding victory.

One great drawing power possessed by the PONY League is the fact that games are unpredictable. . . Today's bums are tomorrow's standouts and you can never expect the same kind of performance from the team two days in a row. . . If they do turn in two good contests in succession, it's miraculous, to say the least. . . The Wellsville Yankees gave one of the most complete "bobbie ball" exhibitions you agent has ever seen in losing to Jamestown yesterday, 13-1. . . If they couldn't boot an infield grounder or throw high over the first baseman's head, they'd be sure to drop fly balls in the outfield. . . Yesterday, so far as we could see, there wasn't a hitter, or a real ball player, on the team. . . Yet, this same Wellsville crew paraded around the base paths last Friday to whip Bradford by an 8-3 count. . . Today they may turn the tables on Greg Mulleavy's Falcons. . . Humorous incident in yesterday's game came when Elmer Weinschneider, Jamestown first baseman, smacked what seemed to be a certain home run out of the field. . . A second glance, however, showed the ball to be coming back to earth short of the fence, but Elmer didn't take a second look. . . The Wellsville rightfielder passed to read the ads on the fence and the ball hit the boards, bounding freely around on the grass. . . Elmer dog-trotted around second and was swelling his chest with pride when the third base coach began beckoning frantically to step up his pace. . . Weinschneider pulled in at third just ahead of the ball, and had to be satisfied with a triple. . . Johnny Newman gave Jamestown the ball game in the first inning, though, with a hit that must have ended up in Hirohito's back yard. . . It brought in three runs.

Haverford Is MAA Track, Field Champ
Haverford, Pa., May 11—(P)—Haverford College is sporting the Middle Atlantic States Collegiate Track and Field Crown for the first time since 1937. The team ran up 43 1/2 points at a weekend meet here while Gettysburg scored 37, Muhlenberg 30 1/2 and Alfred University 26. Gettysburg's Wayne Bucher set a new meet record in the 440-yard dash and Bill Schure, Bucknell, did the same in the 120-yard hurdles.

Barney Ewell Posts Record At Pittsburgh
Pittsburgh, May 11—(P)—Barney Ewell, Penn State's negro sprinter, set an unofficial world's record for the 220-yard dash around one turn Saturday to lead his teammates in a 91-40 victory over the University of Pittsburgh trackmen. It was the worst defeat Pitt trackmen have received in Coach Carl Olsen's 10-year reign.

Ewell scored two firsts and a second for the day's high-scoring honors. He ran the 220 in 20.9 seconds, two-tenths of a second better than the official record held by Ralph Metcalfe, former Marquette University star. The world's record for the 220 on a straight-away track is 20.3 seconds, set by Jesse Owens of Ohio State, in 1935.

Bill Carter, Pitt negro star, trailed Ewell by eight yards in the 220. Ewell also led Carter home by 1 1/2 yards to win the 100-yard dash in .09.8. Carter won the broad jump, however, with a leap of 22 feet, 11 inches. Ewell took second place.

Penn State's trackmen swept all three places in the high hurdles, mile, half-mile, two-mile and high jump.

World Record Is Set At Langhorne Track

Langhorne, Pa., May 11—(P)—Auto racing is over for the duration at Langhorne Speedway—after a war-shortened season that produced a new world's record in the mile dirt track event.

After Jimmy Wilburn of Indianapolis set the mark—105.57 miles per hour—yesterday before a crowd of 33,241, the track closed because of gas and rubber rationing.

Wilburn cracked the previous record of 103.4 in the qualifying heat and went on to win the featured 20-mile sweepstake race in 12 minutes, 25.84 seconds. Ted Horn, also of Indianapolis, placed second; Rex Record, Philadelphia, third, and Tommy Hinnershitz, Reading, Pa., fourth.

Sunset Loop Meeting Set For Thursday

A meeting will be held Thursday evening, to start promptly at 7:00 o'clock, in the Times-Mirror editorial rooms, at which time plans will be laid for a Sunset Baseball League this summer. It was announced by the sports department today.

All managers of area baseball teams interested in the circuit, and any other players or fans who are willing to pitch in and aid the effort, which is going to take the co-operation of at least 30 baseball-minded gentlemen, are also cordially invited to attend.

Details of the league's agreement with the Warren Borough school directors will be made known at the meeting, and definite plans will be drawn up for the assignment facing the loop before any baseball can be played locally.

It is hoped that at least four teams will enter the league, which hasn't operated since 1939, and anyone planning to attend the session is asked to be prompt.

Gra-Y Track Meet Is Won By Lacy Team

The annual Gra-Y track meet, which is the final portion of the annual National Youth Week observance program locally, was held Friday afternoon on Beatty Field, with Lacy school compiling 26 points to win the event. East was second with 11 and South Street third with eight.

Individual results are as follows: 50-yard dash—1st, Allen, Lacy; 2nd, Shattuck, South; third, Morley, South. Time—9 seconds. One-fourth mile run—1st, Tome, Lacy; 2nd, Lucie, East; 3rd, Shamsa, Lacy. Time—1:14.

High jump—1st, Nelson, Lacy; 2nd, Swanson, East; 3rd, Albaugh, South. Mark—4 ft. 3 in. Broad jump—1st, Allen, Lacy; 2nd, Lucie, East; 3rd, Swanson, East. Distance—13 ft. 5 in. One-fourth mile relay, 1st, Lacy; 2nd, South; 3rd, Jefferson and East tied. Time not given.

Yesterday's Stars
By the Associated Press
Red Ruffing and Marius Russo, Yankees, pitched double victory over Washington. Ruffing yielding only four hits in first game and Russo eight in ten-inning nightcap.

Phil Cavarretta, Cubs, and Bob Klinger, Pirates—Cavarretta hit three for four and drove in winning runs in first game, while Klinger pitched Pirates to victory in second with five-hit.

Bob Johnson, Athletics—Hit six for eight, including two homers, to drive in five runs and lead way to double victory over Red Sox.

Ed Head and Pete Reiser, Dodgers—Reiser's two-run homer helped Head win fourth straight pitching victory with eight-hitter against Giants.

Trio of Teams Battle For Arcade Confalon; Elks Rolloffs Resume

It's the end of the line tonight in the Industrial Bowling League at the Arcade Recreation with one of the closest finishes predicted in the history of the circuit. Three teams are in the running for the title, and a fourth crew can find a better place in the standings with a timely triumph.

The Forge Shop and Butter Krust quintets completed their action last Friday night with the fifth place Breadmen taking a clean sweep of four points from the league leaders, leaving the situation in a very unpredictable setup.

Kinnear's, second place claimants at the present, need only to split with Bab's Barbers tonight to overtake the Forge Shop, and three points will clinch the flag, while the Times-Mirror needs three points to beat Forge Shop in the final standings, while a four-point triumph over the Heat Treat tonight may pay even bigger dividends for the Publishers.

Tonight's schedule at the Arcade, only competitive schedule for the week as the singles and doubles tournaments have been cancelled because new pins have not arrived, is as follows: 7 p. m.—Times-Mirror vs. Heat Treat, 1-2; Miller's Inn vs. Crossett's, 3-4, 9 p. m.—Bab's Barbers vs. Kinnear's, 1-2.

Meanwhile, the Elk rolloffs move into the second round with a couple of matches that should attract a bundle of interest. Rasmussens and the South Side Market battle on alleys one and two while Pileggis face the National Transit on alleys

three and four, both matches scheduled for 7:30 o'clock. Tomorrow night the Times-Mirror and Turners make their second starts on alleys one and two, while Irvin's will battle Key-stones on alleys three and four, these matches also slated for 7:30.

At the Penn Bowling Center over the weekend only practice games, unofficial, were rolled, but a few scores deserve mention, among them being Dick Check's 245, Bob Check's 226, Norm Henry's 245, Emma Miller's 177, and a trio of 172s turned in by Kathryn Bray and Mary Murtagh, Kane ladies, and Ann Hagstrom, local lady bowler.

Secret Orders
Chapter 23
Dangerous Voyage
The enormity of this smooth-running plot was proven beyond the last shred of lingering doubt in Stephanie's mind. Even as she appreciated the grim strength of this little boat, its motors pulled it quietly, smoothly away from the dock—unchallenged. And there, as the last shaded light of the pier slipped past the window, went her last chance for help. Unless some patrolling vessel tried to enforce the new ban on small boats out on the water after nightfall, Henri must of course know of that new order, now since Pearl Harbor.

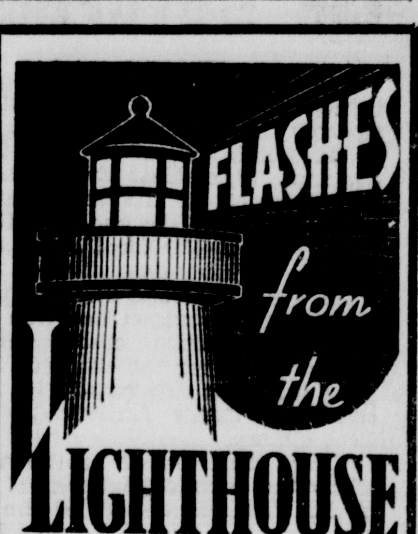

More probably, he had the necessary permission, she thought dully and refused to admit that her fears were crowding close to her last defense line.

Henri turned to her now and for the moment he was back in his role of gentleman. "Come out on deck with me, Stephanie. I think you will enjoy the trip more. It's rather close in here." And then with a smile that Stephanie wanted to smash with her clenched fist, "Besides, I think these gentlemen have some important messages to send. He nodded to the radio operator and the small Japanese "fisherman" who squatted beside him. "We might disturb them."

And she just might hear something Henri didn't want her to, Stephanie footnoted silently as she followed Henri up the tiny catwalkway to the narrow, slanting deck above.

Momentarily, the darkness blinded her. She clung to the railing, buttoned her jacket higher against the bite of the wind off the water. Except for an occasional signal light, the bay was shrouded in darkness. Moonless, overcast, the night sky pressed close and the shores, only half-lighted under the new black-out restrictions, seemed remote, unfamiliar. With every moment, help seemed more and more an impossible dream.

The boat turned now, headed north up the bay. Henri, standing silently at her shoulder, seemed deliberately to be giving her this opportunity to see how completely in his power she was, how futile was any last-minute hope of rescue.

WEEK-END SPORTS REVIEW

By the Associated Press
Memphis—Cornelius Warmerdam, California High school teacher, barely missed establishing outdoor pole vault record of 15 feet, 9 1/8 inches at Cotton Carnival. He cleared height but brushed off bar on way down.

Greenville, O.—Eugene C. Woodford, Dayton, O., and Earl Scott Harton, Lansing, Mich., auto race drivers, were killed in crash during special 10-lap race after original program was cancelled because of weather conditions.

New Haven, Conn.—Yale corporation approved appointment of Howard Odell, University of Wisconsin assistant, as head football coach.

Baltimore—Alsab, Mrs. Al Sabath's juvenile champion of last season won first race of 1942 by outdistancing \$50,000 adder Preakness. Sun again and Requested finished length behind in dead heat for place. Alsab clocked in 1:57, low record for mile and one-sixteenths by one and one-fifth seconds.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.
Wide World Sports Columnist
New York, May 11—(P)—John Heydler, ex-president of the National League who can tell you about baseball almost back to the beginning, comes up with this explanation of why modern clubs murder the pitchers with those big innings. . . It's because they swing any time they think they can hit the ball, even going for the 2-0 and 3-0 pitches. . . "In my day," he says, "we would have been benched for trying to hit after three balls had been called instead of waiting out a walk." . . . Story around town is that when and if Private Joe Louis fights Private Billy Conn next summer, the army emergency relief will get \$100,000 off the top and then Louis and Mike Jacobs will contribute six percent of their shares and Conn will kick in three percent. . . It's Corporal Vic Ghezzi now, and he's better do his pro golf title unless he wants to return to the ranks.

Marriage Of Convenience
Story just trickled in about Fr. John Chisholm of Ft. Scott, Kans., visiting the Kentucky Derby. . . After a couple of races a fan who had imbibed a few too many of those one-buck mint juleps appeared with a girl companion. . . "Can you marry me right now?" he demanded. . . Father Chisholm suggested that some later time would be more appropriate. . . "Maybe later I won't have the dough," the would-be bridegroom objected. . . "I just won all it takes, but I got to get married before the next race. Might lost it all back."

Service Dept.
Roy Simmons, former Syracuse U. boxing, football and lacrosse coach, reports you can meet almost anybody at Annapolis where the second group of navy physique builders are taking their indoctrination course. . . While taking a shower after a hard day, Simmons encountered Weems Baskin, Mississippi backfield coach, and started discussing how Ole Miss beat Tulane's football team last fall. . . City Marble Champ Named On Saturday

The 1942 city-wide marble tournament was brought to a close Saturday afternoon at the Y. M. C. A. tennis courts when Gail Swanson, 13, of East street school, was crowned as the new champ. He is the son of Mr. and Mrs. Reuben Swanson, 409 West Fifth avenue.

This is the second straight year that young Swanson has won the East street school championship. He competed for the city title last year and was defeated in the finals by Gerry Littlefield, the 1941 champ.

These tournaments are sponsored by the boys' department of the Y. M. C. A. as a part of the observance of National Youth Week.

Various winners of school championships will receive as their awards, subscriptions to one of the leading boys' magazines for a year. The city champ will receive a free week at the Y camp this year.

Following are the results of the final play-offs: Rudy Ahlgren (Jefferson) defeated Gail Nelson (Lacy), 7-2, 7-1.

Edward Bogges (South street) defeated Gerry Littlefield (1941 champ), 7-4, 4-7, 7-3.

Gail Swanson (East) won from Frank Frontera (McClintock), 7-6, 6-7, 7-6.

Edward Bogges defeated Rudy Ahlgren, 7-2, 7-4.

Gail Swanson won from Edward Bogges, 7-5, 7-5.

It Happened In WARREN-46 YEARS AGO

NOTE: This is the fifth in a series of spotlight pictures of Warren 46 years ago. We have chosen amusing and interesting sidelights which show quite a different picture from the one we see in 1942. From the 1896 Warren Evening Mirror.

If the Republican party goes before the people with protection, honest money, restriction of immigration and a liberal construction of the pension laws, it will be invincible.

—It isn't as simple as that today.

A novel bicycle race will take place tonight. J. T. Malone bet a grocer named Johnson of Royal street that he can give him a start of ten minutes and beat him in a distance of ten miles over the Hatch Run course.

—we find no mention of who won.

A snug sum was realized when the Ladies' Aid of the Danish Evangelical Union Church met with Miss Viola Peel Thursday evening. The program included a Dialogue—by Effie Peel and Alice Ritzenthaler. Piano Solo—by Miss Eliza Sonne. Recitation—by Miss Walters.

Smart, Silberberg and Metzger (whose store opened in 1896) advertise Ladies' Capes at \$1.50, \$2.00, \$3.00, \$4.00 and \$5.00.—modern stores use only a few price groups.

It is a mystery to many where all the people of Warren are at night when the attendance at the theatre is so slim. Most are out bicycling, we believe, and the extent of the craze is amazing.

—the villain still pursues her anyhow.

Sam Dunn sold his property on Third near Water street—a 60 foot lot, a good house and other buildings for \$800.00.

—sounds like a low price today.

"Woman vs. Woman", Frank Harvey's powerful melodrama—tonight. On Wednesday, "Pink Dominoes", a famous Parisian comedy.—this should fill the house.

A genuine coffin is for sale—you'll be sure to need it sooner or later. One second-hand buggy pole, \$1.50; kitchen chairs, 25c; a common lounge, \$5.00; cuspidors, incubators, organs, Indian clubs and many other useful things.

—did you say useful?

Miss Katie M. Knapp, class of '96, left for a short vacation with her sister, Lizzie, at Taintor's Mills.

Clarendon

Clarendon, May 8.—Mr. and Mrs. Harold Carlson and children, of Corry, spent the weekend visiting at the home of Rev. and Mrs. Jessie Knapp.

Mr. and Mrs. Jay Winchester and Rev. Buzza of Meadville were Sunday guests of Mrs. Jennie Boyles.

Miss Ruth Klenck spent the weekend visiting friends at Pennsylvania State College.

Family Night was observed in the Methodist church last Thursday evening. There were 35 present to enjoy the delicious thirteen dinner and the prayer meeting which followed.

Word has been received from Richard Larson that he is at Camp Robinson in San Francisco, Calif. The members of last year's 8th grade graduation class held a party for this year's 8th grade class in the local school house last Friday night. The evening was very pleasantly spent in playing various games and concluded with a delicious lunch.

Mrs. Martha Jeffords, who has spent the past winter in Florida, has returned to her home here, and the Rev. and Mrs. Call, who have occupied her home during her absence, have returned to Pleasantville.

Mr. and Mrs. Mervyn Campbell and daughter Ruth motored to Houghton, N. Y., last Saturday and spent the weekend visiting Earl Campbell, who is attending Houghton College.

Miss Margaret Crocker, who has been attending the Maison Felix Beauty School in Pittsburgh, has returned to her home here and is now employed in the Jean Beauty Shop in Clarendon.

Mr. and Mrs. Carl Messersmith, of Sharon, visited this week at the home of Mr. and Mrs. Earl Smith.

Miss Jean Sleeman, who is in training in a Pittsburgh hospital, has arrived to spend her month's vacation at the home of her parents, Mr. and Mrs. Ed. Sleeman.

Mrs. Ruth Barnes and daughters.

Vitamins in Bowl Salads Tempt Even the Gourmets

In a dinner planned by a gourmet, a bowl salad is almost invariably included as a principal course. Victory gardeners are advised to follow this example, since here is one way in which the palate may be delighted, and the nutritional requirements of the family satisfied at the same time.

Most delicious of the green leafy foods, which are highest in vitamin content, are the salad leaves; and the finest of these are easily grown in the Victory garden. Vitamin tables show that leaf lettuce, producing green leaves, which will grow luxuriantly in any home garden, are forty times richer in Vitamin A than the tight heading lettuce, of which the inner leaves have been bleached white.

Famous chefs who pride themselves on their salads, generally agree in preferring leaf lettuce, or romaine (cos lettuce) over the heading type. One uncooked salad may be served every day at dinner with a great variety of nutritious ingredients produced in the Victory garden. Bowl salad addicts often have a ritual, in which they mix the dressing at the table, and toss the salad in the wooden bowl, which is first rubbed with a clove of garlic in order to impart a suggestion of its flavor. While olive oil is not plentiful in war time, corn oil and other vegetable oils are plentiful and serve quite well for dressing.

Leaf lettuce comes in two types—the butter leaves, and the crisp leaves. The butter leaves are thicker, and darker green, with finer flavor, the experts say. Crisp leaves are lighter green in color, thin and somewhat brittle. Leaf samples are Black Seeded Simpson, a butter type, and Grand Rapids, a crisp type.

Leaf crops grown in a similar manner, and much esteemed in bowl salads, include corn salad, which is very hardy and can be harvested late in the fall; and upland garden cress, which gives a pungent flavor to the salad.

The fall lettuce may be grown again, and the Chinese cabbage leaves are delicious. Chinese cabbage may be grown in the spring with rich soil and an early start. But in midsummer, it always runs to seed. A late crop has no such tendency, and heads are easily produced in the fall, from plants started in late June.

All leaf crops demand rich soil. They must grow fast without check, otherwise the leaves are tough and have a bitter flavor. Plant food should be applied to the soil in which they grow at the rate of 4 pounds to 100 square feet.

Kanoagoa Chapter Honored in Visit of Head Of National Daughters of American Colonists

An event of unusual pleasure and significance was the reception and luncheon held at the Woman's Club Saturday by Kanoagoa Chapter, National Society, Daughters of the American Colonists, honoring the national president, Mrs. Charles Douglas MacCarthy, of Maplewood, N. J., and the state regent, Mrs. Norvin S. Wile, of Norristown. Members of Fort LeBoeuf chapter of Waterford and Erie were also invited guests.

Tables were exceptionally attractive, adorned with bowls of spring flowers in the national society colors, colonial blue and gold, with streamers of the official ribbon harmonizing. Mrs. Wilson H. Waters, chaplain of Kanoagoa chapter, offered prayer.

At the business session preceding the luncheon, Mrs. Charles F. Sill, regent, presided. The annual meeting planned for July 17 at a place to be announced. Mrs. Edward W. Greene, of Castle, N. Y., was welcomed as a new member.

The regent, Mrs. Sill, called upon Mrs. L. L. Hunter, honorary national president, who brought greetings. Mrs. F. C. Eaton, organizing regent of the local chapter and honorary state regent, spoke of the early days of the chapter

and of its accomplishments in the past 14 years. Mrs. Robert Selden, state corresponding secretary; Mrs. Joseph A. Schofield, past regent; Mrs. F. H. Coon, state vice regent; Mrs. John F. Kuhns, regent of Fort LeBoeuf chapter, all spoke briefly upon some phase of the society's work. Miss Anna G. Snyder read a timely article on America's defenses and the regent quoted Joseph Warren's words written in 1774 regarding the spirit of liberty existent in that day.

Mrs. George W. Olmsted, of Ludlow, hostess, introduced the national president, Mrs. MacCarthy, a close personal friend. In her official capacity, Mrs. MacCarthy has visited many states during the year, traveling thousands of miles, and has had to refuse many invitations and cancel others because of the busy schedule. She is a member of the general assembly of the State of New Jersey and prominent in civic and patriotic activities.

Elizabeth Naylor delighted the group with three pleasing vocal numbers, with Mrs. Flowers accompanying. She also led in the singing of the national anthem to close the program.

Wooley Shrubbery But Single Task Of Makeup Crew

The Warren Players, in line with the national trend, have stepped up production on their last two public performances, "Stage Door" having a cast approaching 30 and "The Man Who Came to Dinner" listing 32. This group will be seen at the Woman's Club on Thursday and Friday nights of this week in the final dramatic event of the current season.

In addition to usual difficulties attendant upon handling many people through six weeks of rehearsal, there is the last minute madhouse occasioned by trying to apply makeup to so many different characters within an hour of curtain time on production nights.

In the present instance, the makeup crew has established a production line in which each crew member applies a certain part of the makeup, passing victims on to the next station in order to "roll" them off the end of the line, as finished actors, ready for the call. The system is an innovation requiring considerable planning and rehearsing and is working out satisfactorily in practice.

Monty Wooley, who originated the title role of this comedy, also placed a not inconsiderable difficulty in the way of makeup men by insisting on playing the part in his own luxuriant hair, a fact which now makes it necessary for makeup men all over the country to produce at least a reasonable facsimile of the Wooley shrubbery.

From the standpoint of makeup, several other characters present interesting problems; notably Mr. Stanley's neck and maidens sister and the convicts whose cadaverous prison pallor is extremely hard to produce on a couple of healthy Americans. All in all, the present makeup crew will have a big task, and, while the audiences must not be actively conscious of makeup, efforts are going a long way toward preserving the illusion which is cast in so admirably creating.

CENTRAL UNION

The May meeting of Central W. C. T. U., combining the memorial service and Mother's Day program, was held at the Y. W. C. A. Friday afternoon, with Mrs. J. N. Grady presiding. Devotions were in charge of Mrs. Flora MacDowell. A solo, "Mother's Evening Song", was beautifully given by Mrs. Carl Lindquist, with Mrs. Watson Jamieson accompanying; a poem, "Somebody's Mother", was read by Mrs. Grady, followed by a duet, "Mother", by Mrs. E. E. Armstrong and daughter, Marjorie.

For the memorial service, Mrs. Lindquist sang "The City of Joy and Gladness" and Mrs. Armstrong and Mrs. MacDowell spoke. In memory of Mrs. J. H. DeFries, Mrs. F. H. Reed read a poem, "The Life Beyond", beautiful white flowers were offered by Mrs. Grady and tributes were presented by Mrs. F. C. Eaton and Mrs. Grady, attesting to the faithfulness and kindness of the deceased.

The program was concluded with group singing, a prayer by Mrs. Armstrong and a duet, "Nearer Home", by Mrs. Armstrong and daughter, accompanied by Mrs. Jamieson.

A short business session was held, with flag salute and W. C. T. U. benediction.

Asks Reservations For Event Honoring DAR State Regent

Members of General Joseph Warren Chapter, National Society, Daughters of the American Revolution, will have a luncheon-meeting at one o'clock Thursday afternoon at the Y. W. C. A. activities building honoring Mrs. William Stark Tompkins, of Wilkes-Barre, state regent.

Mrs. William E. Lutz, past regent of the local chapter, is luncheon chairman and Miss Harriet B. Eaton is in charge of the program.

Mrs. Howard Schutt, of Coudersport, who is state conservation chairman of the D. A. R., will be a guest, also, and will speak on the progress of the national "Penny Pines" reforestation project.

Reservations for the luncheon must be made no later than Tuesday evening by calling Mrs. O. H. Baird, 879-R, or the regent, Mrs. Warren R. Carlin, 1446. Members are permitted to bring guests for this occasion.

Mrs. Tompkins will be the house guest of Mrs. Carlin and will remain for the meeting of the Northwest District Regents' Club on the following day. This meeting will be held at the Y. W. C. A., also with luncheon at one. Mrs. Carlin is president of the regents' organization.

The state regent comes to Warren directly from the national convention of the society in Chicago, Ill., and will have many things to report in her message to the local membership.

The 46th Anniversary Sale begins Wednesday at 8.46. It is different from any sales event in the history of the store; taking place, as it does, in the midst of the most perilous war in the history of our country; in the midst of such restriction and regulation as may make it difficult for stores to survive. "Why, then, have a Sale at all?" some of our friends have asked us.

The answer is simple: The Metzger-Wright Anniversary Sale has become an integral part of the community calendar of northwestern Pennsylvania. "Every Year at Lilac Time" is a phrase engraved on the minds of the public for good. We owe the Anniversary Sale to Warren, with its special values, its opportunities to stock up on staple needed goods for the family and the home. We owe it to ourselves, as a commemoration and a reminder of our successful past and our obligation to the future.

We have never advised "hoarding." We do not now advise it. We advise you, in the 46th Anniversary Sale, to buy carefully, wisely, thriftily. There will be hundreds of once-a-year bargains. Yet we counsel you to choose carefully from among them; to buy what you need and no more than you will use over a reasonable period of time; to choose staple, serviceable merchandise which will last you "for the duration;" to buy quality merchandise, the kind we love to sell, and the kind that is especially important in times like these. Tomorrow's "Times" tells the complete story.

W. Metzger-Wright
